We love celebrating birthday parties at the Dust Palace!
Our parties are 2 hours long and heaps of fun for kids of all ages

We begin with the children meeting their own professional circus tutor! We welcome you into the studio and start with a game to warmup. Then the children are guided through a range of circus activities including juggling, acrobalance, hula hoop, trapeze, aerial silk, and aerial hoop. Our tutor works with the interests of the birthday child and the group. Some parties want to try everything while others are especially interested in our aerial disciplines and want to spend the whole session upside down! We have a few breaks for snacks and water throughout and then 30 minutes for snacks and cake at the end.

Minimum of 7 children, if there are more than 12 please inform us as we will have an extra tutor and you will need to choose a time when the whole space is available

On the
day

- Offstreet parking is available
- Our building is wheelchair accessible
- Please arrive no more than 15 minutes before the start of your scheduled session so we can be ready to greet you
- On arrival please wait in our foyer area and do not allow the children to enter the circus studio without the tutor
- In our foyer area we have a grazing table to lay food and cake out on, we have modular couch seating for the kids to sit while they snack and the adults to relax during the party
- Please make sure you're ready to leave no more than 15 minutes after the end of your session time.
- Please be advised that due to our busy class and booking schedule, we are unable to go overtime if you are late

Birthdays Package

As we are a large and busy studio and we run scheduled weekly classes, there are times when the full space is available and times when half the space is available. Half space times are perfect for parties with a smaller number of children (10 or less) If you book a half space time, please note there will be a regular class on the other side of the studio. Our weekly students have their own tutor and separate equipment and do not interfere with your booking. Please note that at the end of your booking, weekly students may begin to arrive in preparation for their scheduled classes, they will not interfere with your booking.

Available Times

Saturday

9.30-11.30am (full space)
2.30-4.30pm, (half space)
5-7pm (full space)

Sunday

9.30-11.30am (full space)
4-5pm (full space)

Extra times available during school holidays
All times are subject to availability and spaces fill up fast, a 50% non-refundable deposit is required to confirm your booking

What to bring

- Birthday cake, knife, plates or napkins
- Light snacks, utensils, plates or napkins
- Each child should bring a water bottle
- Clothing should be comfortable and easy to move in. It must be free of all zippers and metal; these damage our aerial fabric. Ideally clothing should cover the backs of knees and tummy to prevent friction burns to these areas. Many activities will involve going upside down so leggings are best under any skirts or dresses. Children will be asked to remove shoes, socks, watches, bracelets, rings and necklaces as these can get in the way or catch on our equipment.

Birthday Package

To book please email
jainemieka@thedustpalace.co.nz
with the following:

- Full name and contact details
- Your preferred date and time
- Birthday child's full name and pronouns
- The age they will be celebrating
- Estimated number of children (this can always be changed)
- Does your child have a favorite circus discipline or special interests?
- Does your child have a background in circus, gymnastics, dance, or sports? (no experience is required, this just helps us plan the party)

We look forward to having
your next birthday at The
Dust Palace!
